

Armaflex® Accessories

THE RIGHT TOOLS TO DO THE RIGHT JOB

- Professional set of tools
- Specially formulated and optimized for Armaflex
- Complete range with knives, adhesives, tapes, UV paint and others

Adhesive

<p>ARMAFLEX® Ductseal</p>	<p>Armaflex Ductseal Adhesive has been developed to bond Armaflex sheet insulation to metal ducting. It is recommended for duct insulation, under deck & wall insulation. Available in cans of 5 litres & 30 litres.</p>
<p>ARMAFLEX® Pipeseal</p>	<p>Armaflex Pipeseal Adhesive is an air drying contact adhesive for joining Armaflex insulation materials (with the exception of HT / Armaflex). Recommended for piping insulations, it ensures seamless strong joints, is easy to apply, quick drying and has operating temperature up to +90°C. Once it dries/cures, it helps in ensuring vapor-tight joints for the insulation. Available in can of 5 litres</p>
<p>ARMAFLEX® 520</p>	<p>Armaflex 520 adhesive is based on modified chloroprene rubber in a blend of flammable solvents. The material has low viscosity for ease of application and quick drying characteristics. In the dry state, Armaflex 520 adhesive is not flammable. The adhesive is particularly suitable for joining Armaflex flexible elastomeric insulation and for bonding the material to clean prepared surfaces. When properly cured the adhesive maintains the resistance to water vapor expected of Armaflex. Available in can of 2.5 litres</p>
<p>ARMAFLEX® HT625</p>	<p>Armaflex HT625 adhesive is a one-compnent adhesive which has been developed to bond Armaflex insulation applied on high temperature lines. Especially well matched with HT/Armaflex, it guarantees a homogenous safe bonding at joints and seams. Available in can of 1 litre.</p>

Tapes

<p>ARMAFLEX® Tape</p>	<p>Armaflex Self-Adhesive 3 mm thick black colour Tape is recommended for insulating difficult shapes or areas not easily accessible. Available in 50 mm width; 9.14 m length</p>
<p>ARMA-ALU Tape</p>	<p>Arma-Alu Self-Adhesive tape is specially designed for Armaflex Alu coating system to insulate difficult shapes and areas not easily accessible. It is suitable for securing the additional adhesive seam / butt joints of Armaflex Alu sheets and tubes for better performance. Available in 25 mm, 50 mm & 75 mm width; 20 m length; with scrim.</p>
<p>ARMA-CHEK GC Tape</p>	<p>Arma-Chek GC Self-Adhesive tape specially designed for Arma-Chek GC coating system is recommended for insulating difficult shapes & areas not easily accessible. Available in 50 mm width; 50 m length</p>
